

# My Vision For Refugees

## *Home of Hope Winter/Spring Newsletter*

February 2022

West Africa's dry season extends from the fall throughout the spring, so these local residents are grateful for the contributors to My Vision for Refugees, who made this new bored well possible for their use during the drought.

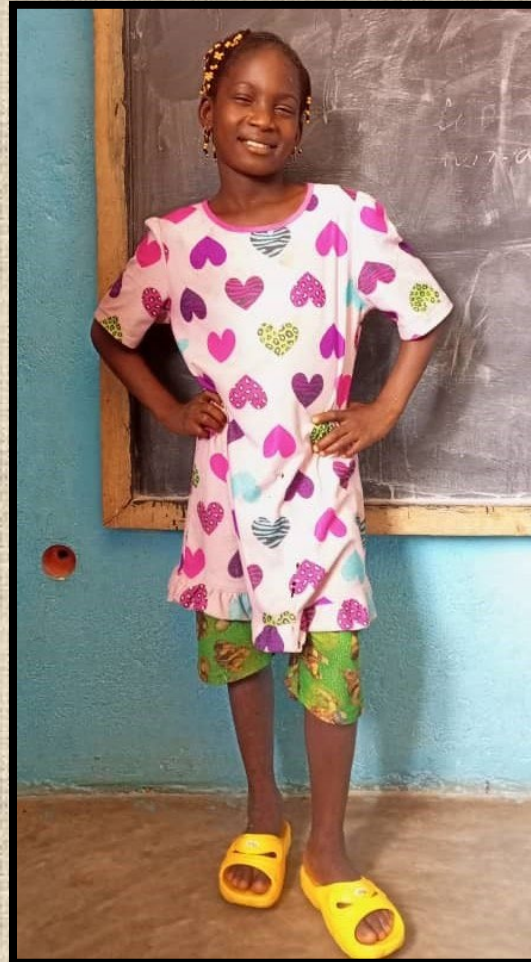

### **Samuel is coming in March!**

Samuel is scheduled to be in the United States from March 2 to April 21. This will be his first visit since before the pandemic! If you have a church, civic club, or other group that would be interested in having him speak

during this visit, please contact John Dunaway at (478) 719-3564 or [dunaway\\_jm@mercer.edu](mailto:dunaway_jm@mercer.edu).

Since our last newsletter, Samuel has added two new girls to HOH from the refugee camp. Rose (L) is 5 years old and Gamer [pronounced Ga-may] (R) is 7. They are being welcomed as new sisters to the other children and they're working on their French language skills as preparation for school next fall. We're hoping to have sponsors for each of them. Full sponsorships are \$180 per month, but partial sponsorship is welcome. Please visit our website for details. <https://www.myvision4refugees.org/>

### Home of Hope Improvements

Although annual operating funds (nearly \$100,000 per year) remain our greatest challenge, we are blessed to have some key donors who have enabled us to make physical improvements at HOH: major projects like the bored well and the basketball court (next page). Remember, we employ NO fundraisers. All administrative work is done by volunteers.

The latest improvements at HOH include this nifty paved basketball court. It will be a welcome way of providing healthy exercise for the children, playing basketball or volleyball ... or just a neat place to relax and read.

*We thank you all for your prayers and financial support.*
