**January Outreach to Albino Community**

Unfortunately, albinos are outcasts in some countries in West Africa, much like lepers. Home of Hope (HOH) children deliver gifts to them regularly and show them love. The left picture shows one of the little boys displaying his new backpack.

**NEW BOYS' DORM/CLASSROOM in Progress**

**Construction of the new building at HOH (displayed on first page) should be finished sometime this summer. The boys are excited about moving into their new dorm and classroom space, and the facility will eventually provide housing for student interns.**

### **Our HOH Scholars**

**The HOH children enjoy school and genuinely love learning. They have consistently achieved high standing in their classes. Regular instruction and training in soccer and basketball is keeping them physically fit. The mayor, local chiefs, various religious leaders, and the governor recently spoke glowing praise of the impact HOH is having on the community at large. Over 500 people participated in the birthday celebration in December and were impressed with the HOH children, their maturity and their ability to make presentations in both French and English.**

Rachelle sports her birthday outfit as the children celebrate their shared birthday!

#### IMMEDIATE NEEDS:

- SPONSOR A CHILD -- \$2,000 is full sponsorship for an entire year, but we also welcome partial sponsors at whatever level you can afford.
- DESKS, METAL BEDS AND MATTRESSES for the new building. We also need to replace existing wooden beds, which have served these growing children for nearly 10 years.

*We wish to thank you all for your prayers and financial support.*

My Vision for Refugees Inc. is a 501 (c) (3) nonprofit organization.

All donations are 100% tax deductible.

Checks can be sent to:

**1266 West Paces Ferry Road, Suite 508**

**Atlanta, GA 30324**

**[Please note change of address!]**
