

My Vision For Refugees

Winter Newsletter

January 2021

At **Home of Hope**, December 25 is the date all the children celebrate as their birthday. Below, Martine, Monique, and Paula Christine perform a dance for the dignitaries who attended the annual festivities.

Emile is one of our brightest pupils at St Jean school. He and Rachelle are studying hard to pass a national exam and skip a grade in school.

Samuel donned his tux for the celebration & wrapped the presents for the kids.

Yamon and Prosper are in third grade. They are enjoying their spiffy matching birthday outfits. They all love playing soccer and competing in spelling bees.

Thanks to your generous contributions, we sent thousands of masks to Home of Hope (HOH) last fall. Below is a picture of Samuel with students at Saint Jean School.

The masks are being distributed to clinics, schools, etc., in N'Zérékoré.

Thank you for supporting Samuel and the children at Home of Hope. They are growing and prospering in academic work, in community service, and in their spiritual growth.

If you belong to a civic organization that might invite Samuel to speak during his next visit, hopefully next fall, please contact:

John Dunaway at 478-719-3564 or dunaway_jm@mercer.edu.
